

SPECIAL FOR CARDIFF

NEWPORT V. CARDIFF RUGBY

Newport kick off against Cardiff in their fourth and last game of the season, and Cardiff, playing from left to right, are out to break their run of consecutive victories - 26 of them this season.

With only two minutes gone, it's a penalty against Cardiff. It's just about the half-way mark. It's a long kick for Edwards.

And he's scored - a magnificent kick and Newport lead by three points to nil. That's got Cardiff roused. They've never been beaten four times in a season by Newport. And here's a chance to equalise. Penalty to Cardiff.

Tough luck - but it's still in the Newport half and all the Cardiff team are up, pressing.

Another penalty for Cardiff. Tamplin takes it....

And it's over. Three all and now anything can happen.

In the second half Cardiff are all out to take the lead but Newport are giving nothing away. Here's Edwards making a run. He passes to Williams but Williams is brought down near the line. And so it goes. Hard clean rugby but no more scoring - a good end to a grand game.
