

FAITHFUL SERVANT
RE/SR

PATER NEWS 51/28
Vol: Thurs. 5. 4. 51.

For Sid Creek and Nellie the parting of the ways has come. Twenty-six years they've been partners; now, aged 32, Nellie can no longer pull the little greengrocery cart. The sturdy little pony who served so faithfully and for so long is now a tired little old lady. When she began to totter Sid worried about her future. Spurning a chance to sell her - they knew what that meant - Sid and the Missus turned to the R.S.P.C.A. Now the van has come to take Nellie to the Home of Rest, near Liverpool, and Loveridge Mews is sad. Nellie, who braved the blits to ^{UP} take her master each morning to Covent Garden, will end her days in the peace of green fields; but a little London family will miss a faithful friend.
