

51/42CHELSEA FLOWER SHOW

Flower Show time at Chelsea! Lovely gardens and the leveliest flowers brought together to gladden us for a few days in the grounds of the Royal Hospital ... And to this bewilderment of beauty unsurpassed come Their Majesties for the opening day. In the huge marquee - larger than the Dome of Discovery - and the grounds are plants it would cost nearly a million and a half pounds to buy.

For festival year the Royal Horticultural Society presents the greatest show it has ever organized here. Don't be disappointed with your own efforts. These are special blooms timed to reach perfection for the show by Britain's greatest experts.

For each of the royal party the gift of a perfect bloom makes a perfect if fragile souvenir.
