PARIS SAYS WOOL IS CHIC

At the Savoy Hotel 22 leading Parisian mannequins display exclusive wool models designed by 22 leading Paris houses. This is a fine white wool with red draping.

A beige broadcloth dress with a bolero embroidered with white. Enthusiasts call this the finest Autumn dress show of the year.

Embroidered with emeralds - a white, wool rep gown.

A red evening coat over a white and red dress. We're mentioning no names because we couldn't get them all in. Each French designer exhibits three models - one each for morning, afternoon and evening wear.

This black and white hounds-tooth suit has astrakhan cuffs which develop into a muff. The display was organized by the International Wool Secretariat and La Couture Parisienne. Here's a diamond-embroidered white broadcloth skirt, with blue bodice and scarf. Lovely creations like these make it a joy to pull the wool over your own eyes!
