The troops came aboard in dribs and drabs as they came from the stations, as the ~~the~~ weather was not good very little time was wasted hanging around on the queyside the group covered are the first batt. Ineskillling Fusileers, with pipe band and Bin go the boxer Hog mascot, the first ship covered is the Triumph, the second is the Illustros, transport shewn lashed onto flight deck, shots with pipe band as they march through dockyard gates.

Note as the ships are not leaving until Monday and the transport I was using was booked for today, I returned, as the ships are leaving at different times, there is plenty of time to get one of the going out, ie the Triumph leaves at 4pm, also my pass is not available for tomorrow and will have to be renewed before I can go down again.
