Big waves were rolling along and I was trying to swim. I suppose you could call it swim - to nearest rock. Waves washed me four or five times onto rock and washed me down again. Well it must have been a big wave that came along and washed me right to the top of them. | 48' |    |
| 16.          | C.U. | Spencer: I could hear the ships blowing around, but I couldn't see any of them, because it was thick fog. Well; I prayed that fog would lift - it did.   | 20' |    |
| 17.          | C.U. | Spencer. J.P: What are your plans now? Do you think you'll give up the sea?<br>N.S. No, I don't think so. I don't think I'll go back to Greenland (13) - not yet, not till they get it properly charted.   | 22' |    |
