

BEDSTEAD BICYCLE

Recognise the bike? Yes, it's an old brass
bedstead - with knobs on as well! Beppe the Clown, is off
to Bertram Mills circus in London, and he's come from Stafford -
170 miles away! Not much further now, Beppe - so don't go to
sleep on the job!

Oh no, not a puncture! And he's only got a few more
yards to go, too. For five days now he's been riding his
bedstead bike - it's time you were there, Beppe. He made the
bike himself out of old scraps he found in his backyard.
Now his ambition is to build a tandem - anyone got an old double
bed they don't want?

Here comes trouble! Beppe used to be a high-diver
before he became a clown - looks like he's for the high-jump
this time!
