Sir Winston Churchill on the Riviera
Nice, September 17th. 1953
Competition unknown
Positive developed: 33 meters - 140 ft

British Prime Minister, Sir Winston Churchill arrived yesterday at Nice airport for a short holiday on the Riviera where he is the guest of Lord Beaverbrook in his Riviera Estate, Villa Caponeina, at Cap D'Ail.

Landing by a Viscount of the BOAC airline, Sir Winston is greeted by Mayor Raymond Gramaglia and the Municipal Council as well as French authorities.

Sir Winston is accompanied by his daughter Mary and her husband Capt. Christopher Scames.

It seems from the small glimpses got of the Prime Minister that he had found a good wealth condition after his recent illness.
