October 17th.1953
Positive developed : 68 meters - 225 ft

In the Brussels Sport-palace, French European Champion for feather-weight category, meets Belgium Ave Jean SNEYERS in a bout where title is at stake.

The bout is in 15 rounds, and was eagerly fought by both men. Sneyers in the first rounds took the advantage over Famechon by his speed and accurate blows, However FAMECHON did his best for his title and in the second part of the bout, trying to tie up with his opponent, Sneyers lost most of his advantage.

The bout finally ended by a tie-up, but SNEYERS had the victory by number of points and thus is now the new European Champion.
