ITALIAN TROOPS IN TRIESTE

( First reportage )

Very bad weather and the huge crowd much interfered with this first reportage.

Population was in the greatest expectation for the arrival of the "Bersaglieri", of the Carabinieri's detachment, of the Police body and of the first <sup>italian</sup> war-ships, coming from Venice, into the Trieste port.

Gen. De Renzi arrives by car; for the first days he will be the Military Governor of Trieste.

Some shots of the crowded streets, of the Town-hall Square, of Bersaglieri, Carabinieri, Police and ships in the Port.
