

55/22.

F.A. CUP 6th ROUND;

YORK V. NOTTS CO.

On their own home ground Notts County, in striped shirts, meet York City and straightaway are knocking on York's door. But the gallant little third division club won't let 'em in.

And anxious moment for York, but Fergan dives, and all's well. Notts Country, obviously the favourites in this vital game, are soon on the defensive. But Bottom is clearly offside as he hits one into the back of the Notts goal. The ref disallows it, and Notts breathe again.

Back come York and goalie Bradley takes the air to keep the net clear. York, full of confidence, return with Fenton to the fore, but the Notts defence calmly copes with the situation.

Now its Notts on the move. Howe nearly heads into his own net! York can't afford anything like that. Play swings back again, as York get under way.

Wilkinson centres the ball, but Bradley punches his way out of trouble. With neither team having a scoring success, there's nothing on the board when play resumes after half-time. York hammer away, and Bradley's given plenty of work.

A collision leads to a few frayed tempers so the ref steps on to pour oil on the troubled waters. No-one's hurt, only their pride.

York, cool as they come, keep up the pressure around the Notts goalmouth. What a wonderful game this big-hearted little team is playing.

Bradley, the hardest-worked man on the field, takes over and clears to safety.

Now its Fergan versus Leverton who's surely offside. At the second attempt, the ball goes in - but - no! the ref won't allow it. Notts aren't away for long - back they come!

Fergan dives at Wylie's feet, and his clearance sets the York machine under way. Near the Notts goal, an incident leads to a free kick to York City. This could be the turning-point. Five yards outside the penalty area, Bill Hughes takes it.

YORK v. NOTTS CO.

Stoney to Bottom, who cracks it home to give York a one-
all lead. And that's the score at the final whistle. York City
make soccer history by becoming the only third Third Division side
ever to reach the Cup semi-finals.
