

CHURCHILL'S BIRTHDAY.

To Sir Winston Churchill's 81st birthday party comes daughter Mary and other members of his family. Next her husband, Mr. Christopher Soames - evidently it's going to be a party befitting the Grand Old Man of British politics. Among the guests is Lady Bonham Carter. Son-in-law Mr. Duncan Sandys arrives with Mrs. Randolph Churchill - and here's her husband! Sir Winston and Lady Churchill's only son.

Such a birthday is a national affair, not just a family one - so it's many happy returns to Britain's eternally youthful Elder Statesman.
