Pardubice Steeple chase. More than 50,000 spectators have filled the stadium to see the world known steeple chase which is 6,500 m long and has 30 obstacles. At this race can participate horses six and even over six years. To the start are coming horses from Czechoslovakia, Poland and USSR. After the start when they have overcome smoothly one of the first obstacles they are approaching the feared Texas ditch. The obstacle is wide 6 and a half metres, to overcome it, the horse has to jump 8 metres. Here fall many chances. But the greatest surprise has been that most of the horses have unexpectedly overcome the most difficult obstacle. Also the Irish bank has been made with good results. The horses are getting to the water obstacles.... At the aim's plain started a fight of two horses - Letec Czechoslovakia and the Polish horse Baracse. The Czech horse with the rider Vavroušek have won.
