WOMAN IN A DRESSING GOWN

PREMIERE:

Eight hundred ordinary cinemagoers are invited to the premiere of "Women in a Dressing Gown". Andrew Ray and Susan Hampshire are among the stars they meet - and here's Dennis Price.

Sheena Marsh arrives....

And there's Eleanor Summerfield. Producer of this award-winning film is Frank Godwin, and Ted Willis wrote the script. Critics' praise of Yvonne Mitchell's performance has been lavish. Another famous face - Jack Warner, and Mrs. Warner. John Pertwee chats with Lillian Sottane - and just arriving is Michael Pertwee. And for a striking fashion note, have a look at Diane Potter.

John Fraser and Lix Duke....

Janette Scott, in an unfamiliar but attractive hairstyle. Peter Arne is also among the guests, and Guy Rolfe and his wife. "Women in a Dressing Gown", a great success at the Berlin Film Festival, has taken New York by storm, and is coming to your cinema soon.
