

Grace - Re: 3-Service Demonstration:

The amphibious warfare demonstrations to be held on Eastney Beach on Monday 22nd and Tuesday 23rd are "repeat" performances with the exception that probably the Fairy Rotodyne & Saunders Roe P.531 will not be able to take part during the Monday's (22nd) demonstration, but will take part in the Tuesday's demonstration. Also on Tuesday there is a very slight possibility that the "Flying Saucer" will take part in the exercise - but this will not be known until the last moment.

The Airborne Assault starts at 10.50 am.
The Seaborne landing starts at 11.30. am.

The bluff assault at Buever Bluff, I.O.W. takes place later in the afternoon and boats have been laid on to take Pressmen ~~across~~ across the Solent to cover this part of the exercise if they so desire.

→ (These times and arrangements apply to both days, i.e., Mon. 22nd. and Tues. 23rd)

It would appear that the Seaborne landing will be far more pictorial than the Airborne assault but in view of the fact that these demonstrations follow each other at precisely the same location the cameramen could shoot on both & go on to cover the Bluff Assault if required.

I have asked for 3 passes to be sent to us for both days & these will be sent on to us within the next day or so.

Yes - other lets go for this but possibly want two men but it must be pushed back for Thursday week - This means it must be developed by Wednesday night.
