Goebbel's Speech .

My Columnists, German Men and Women !

The time of an exaggerated yewish idealism is now at an end.
 Through ^{this action} the German revolution has now a clear run in German fashion and manner. The coming German man will not be a figure-man but also a man of character and for this reason we appear before you to raise your spirit and to look the hard facts of life into its face, to lose the fear of death and to become respected again. This is the task of this silent moment and you will do well, at this midnight hour , to leave the un-godliness of the past to the flames . This is a strong, symbolic action , an action which we want to see, first of all, documented . We have become the spiritual leaders of the new republic and from these ashes a new spirit will triumphantly arise .

FIRST COUNTER STEPS TAKEN .

10 month Imprisonment for " Wall-Smearer " .

Bonn/Berlin The anti-jewish excesses and the wall-smearing in Germany received a new accent during public discussions on Tuesday last during which new and concrete measures were announced for the first time to deal with the National-Socialist trouble makers.

Law-making experts of the government were examining in Bonn a proposal to ban the " DEUTSCHE REICHS PARTEI " party. The minister of the Interior Mr. Schroeder may perhaps propose during the next cabinet meeting on 13th of January to apply to the Law Court for an order to prohibit the GERMAN REICH party . Chancellor Adenaur accepted a visit from the central committee of the jewish organisation in Germany on the occasion of his 84th birthday who requested him to use the occasion of his birthday to declare publicly his, the government and the German people's disapproval of these excesses and to promise that everything will be done to bring these wire-pullers to justice.

Yesterday, a 23 year old painter, named R. WOLNY, was court martialled in Berlin. He was arrested last Monday morning on charges on of smearing swastikas and anti-jewish slogans on 2 doors and a shop front. WOLNY received a sentence of 10 month imprisonment. Traces of paint leading to his home made his arrest soon possible . WOLNY is painter by profession. He declared before the court that he acted " Out of Conviction " and would do the same again at any time . Later on during the Court proceedings he stated that he had been totally drunk , but he admitted remembering details of his actions.

It was known to him that a young jewish couple was living in one of the houses he besmeared. The criminal-officer, however testified that WOLNY, when arrested was neither drunk or even intoxicated in any way.

ACTION AGAINST BERLIN STUDENTS .

Yesterday, the Berlin-Senate took energetic measures against the anti-jewish and " neo-socialistic " trouble makers. An order was introduced to prohibit 2 parties , the so-called " Bund Nationaler Studenten " (BNS) (Students National Party) and " National Jugend Deutschland " (NJO) (National Jouth Organisation) .

The next paragraph says that " anyone belonging to these parties , will be dismissed " . The rest of the article is of no importance .
