

## ROLLS-ROYCE "CONVOY" AT LONDON AIRPORT

*Steve*

A convoy of 70 Rolls-Royce cars of varying vintages will tomorrow (Saturday, 30th April) be used to transport a group of 168 American visitors from London Airport to their hotels in central London.

The Americans - all Rolls-Royce owners and enthusiasts - are due to arrive from New York in two B.O.A.C. DC-7C airliners (flights DCH.374 at 10 a.m. and DCH.375 at 10.30 a.m.) and they will be met by members of the "20 - Ghost Club", a Rolls-Royce owners' club. The American group is planning to spend a fortnight in Europe and during that time will visit Rolls-Royce establishments in various parts of Britain.
