From Grace Field

To Mr. H. Wynder.  
Chief Librarian.  
7th July, 1960.

I have your memo regarding the request by Pear & Dean for shots from our colour version of the Derby and Ascot, for one minute Cinema commercial, entitled "Commission Agents". Since speaking to you I have taken this matter up with Mr. Cummins, and he informs me that as the material is only required for cinema advertising and not for television, it will be in order for you to go ahead with their request without consulting the Authorities.
