THRILLS ON THE TRACK

VI. Annual Pfersfeld Automobile Race

More than 150 European and American amateur drivers on cars of all makes competed in this year's handicap race on the Pfersfeld flying field near Bad Kreuznach. The coveted cup was presented two years ago by the US Air Forces in Europe (USAFE)

The Hesse Motor Sports Club organized the meeting which comprized 16 races on the 5,3 kms track. Every competitor had to drive 10 rounds.

Due to the heavy sleet-rain the track was more than slippery. The amateur-drivers went all out. Happily, no fatal accidents occurred - inspite of all the dangerous looking spills.

One quarter of the gate-money went to a deserving orphanage.
