Dear Paul,

I have now been able to finalise the arrangements with Mrs. Topham regarding the coverage of the 1961 British Grand Prix at Aintree on Saturday, July 15th. For the film rights she is charging us a fee of fifty guineas, plus one dozen 16mm. edited films. On our part we have given an undertaking that no part of this coverage would be sold or disposed of in any form whatsoever to Commercial Television. This is a world wide stipulation.

If you wish me to supply you with coverage, will you please confirm your acceptance of this stipulation.

Yours sincerely,

Dear Mrs. Topham,

re: British Grand Prix - Aintree
Saturday, July 15th.

We have today received the following reply to our request to British Movietonews governing the supply of any of this material to Commercial Television.

"We will also undertake that no part of the coverage will be sold or disposed of in any form whatsoever to world-wide Commercial Television, without the special sanction of the B.B.C. who have the television rights".

I trust this will be in order, if not perhaps you will advise me early on Monday morning.

Yours sincerely,
ASSOCIATED BRITISH-PATHE LIMITED.
