COPY FOR MISS FIELD: LETTER FROM COMMANDER COLVILLE RE COWES REGATTA

Duke comd of Britannia
& HMS Yacht

You will no doubt remember that I wrote to you on 22nd July 1960 regarding photographic facilities during the Duke of Edinburgh's participation in the sailing regatta at Cowes.

His Royal Highness will be at Cowes from 31st July to 5th August 1961 and has agreed that special photographic facilities should again be arranged.

Accordingly two large boats provided by the Royal Navy will be leaving Fountain Jetty, Cowes, on the mornings of Tuesday and Wednesday, 1st and 2nd August, and will proceed to the vicinity of M.H.Y. BRITANNIA in order to rendezvous with the Duke of Edinburgh's sailing craft. His Royal Highness will then manoeuvre within photographic distance of these two boats for approximately fifteen minutes before the firing of the ten minute gun prior to each day's race. During this time other naval boats will police the area to prevent any unauthorised boats interfering, and it is therefore hoped that photographers will be able to obtain sufficient pictures under ideal conditions. On the firing of the ten minute gun, the two photographers' boats will return to Fountain Jetty, Cowes.

Photographers and film cameramen who wish to avail themselves of this facility should enquire in person not later than 10.00a.m. at the Gloucester Hotel, West Cowes, of Mr. Jack Frost for information concerning the time of departure of the boats from Fountain Jetty.

In view of these special arrangements, it is very much hoped that His Royal Highness will be allowed to enjoy the remainder of his time on the water unmolested by individual photographers and cameramen. Would you be so kind as to inform your members accordingly.

I have sent a copy of this letter to all the principal Press and photographic societies and organisations.

Yours sincerely,

(SIGNED)

RICHARD COLVILLE

Pat: We are feeling in
Colon. Must have Monday's
coverage by Monday night
for T. Colon. Press.
