

ICE GALA AT WEMBLEY.

Sootsmen frpm Canada take the spot light in London. ...  
when the massed bands of the Toronto Scottish and the forty eighth  
Highlanders march and counter march on the Ice.

It isn't nearly as easy as it seems, in fact its only been  
done once before in the Toronto Scottish's home town.

All this is a prelude to the great game... in which the  
Scots Canadians put on their rompers, and muck about with a Hockey  
stick and a Puck. It would take more than Hitler to stop the  
faatest game on ~~the~~ earth.

Then there's Wondrous and his Partner. You want to keep your  
eye on that girl. We think she's very tasty ..... very sweet.
