

TABLE MOUNTAIN PILGRIMAGE.

South Africa's famous landmark towers high above Cape Town. And today South Africa's Prime Minister climbs the rugged slope to the top. In spite of his seventy years, General Smuts scorns the Cable Railway, when he leads the annual pilgrimage of the mountain club of South Africa. And the General brings with him his charming daughter Louie. The object of the pilgrimage is the service at the Memorial to men who fell in the last war. A South Africa at war again... remembers those who served in the past.

And General Smuts looks out across the land he loves. The man who is guiding the destinies of South Africa, as Champion of Empire.
