

THE WAR ... LATEST.

Germany's wild attack becomes more savage every hour. Down sweep his bombers on undefended towns, down upon women and children. From houses burning and houses wrecked, the march of the refugees continues. Here is one mother and her child, leaving a house in Northern France, that has just been set on fire by an incendiary bomb. And she is only one of tens of thousands, fleeing before the horror of the mad beast of Europe.

Tens of thousands fleeing before the horror of the mad beast of Europe.

Some of them are so worn out, they can no longer continue.

We ~~xxx~~ and our Allies know well the challenge we are facing. We know that we are fighting to stop the march of destruction. Here in Northern France is a maternity hospital, deliberately destroyed by the German Air Force. Here is the mark of Hitler, the Hun.

It is to stop this that we must be prepared to make every sacrifice.

This is why Gamelin asks each soldier to die rather than give way... why Churchill speaks of blood and toil... and tears and sweat.

Why Reynaud tells France "our lives count for nothing?" Through a situation that is changing every hour, as we of Pathe Gazette try to bring you the truth without fear... we know that we are ~~xxxx~~ watching the greatest battle in the history of the world. What can we at home do while it rages? It is in our factories and our homes that we must support the men at the front. They fight gallantly, they show ten times the courage of the enemy. But without tanks, and planes, and guns, which we must make and pay

fer... all their courage is of no avail. They must have more and more of the weapons they use so well. They let nothing fall into enemy hands. Here is one of the Belgian Bridges blown up to stem the German advance.

So great is the explosion, that even here, you can see the pieces falling in front of the camera. This cameraman and every other is risking his life to bring you news. Belgian troops return from the front... worn out by the struggle. Our men have taken their place. They will contest every inch. "With our backs to the wall... and believing in the justice of our cause... each one of us must fight to the end." remember that was in April 1918, and by November of the same year, the war was won.

Germany is engaged in a fight to the death.

But for us and our allies....

the spirit must be....

Courage... energy.... and faith.
