MINESWEEPER SHOTS DOWN RAIDER.

You'd hardly recognise the one time Paddle Steamer
SOUTHSEA nowadays. Instead of holidaymakers, she carries
a brave crew of able seamen and is a Minesweeper in His Majesty's
Navy. H.M.S. SOUTHSEA distinguished herself by destroying
a Nazi Raider which made the fatal mistake of attacking her.
Gunner Jamie Seffie gave the Dornier Flying Pencil one burst
from his guns, and the Blue Pencil Bosche was blown to pieces.
Take a bow Jamie, take a bow.
