DIVING IN U.S.

The winter sports programme opens at Palm Springs, California, and with champions Marjorie Gestling and Colleen Smith on the boards, it looks like being a big success. We'll slow down the action so that you can watch the fine points of their Olympic style. Over, in, or under, they have a technique. Going up. Bill Lewin and Frank Kirk are another grand team. A peach of a floating forward somersault and a full gaynor. Marjorie Gestling and Frank Kirk team up for a flying forward twisting one and a half. They've a date down under. Come along Marjorie, give him your hand.
