A STAGE ROMANCE.

When Leslie Henson becomes best man at Richard Hearne's Wedding, he snatches up the bride Yvonne Ortner after the ceremony, leaving the bridegroom on the pavement to figure out who is best man in this wedding. Anyway, things get straightened out eventually at the reception.

This ought to be good. Bride and groom are both starring in a London production - but this is not part of their act.

Comedians are there in plenty. Sydney Howard starts a whispering campaign, offering well meant advice to the bridegroom. Maybe its just a ~~tiny~~ little suggestion concerning "FUN AND GAMES" - I wouldn't know!
