PRESIDENT ROOSEVELT INSISTS

"I have asked Congress to pass legislation, under which the President will be authorized to stabilize the cost of living. I have asked Congress to take this action by the 1st of October. We must now act with the despatch which the stern necessities of war require. I have told Congress that inaction on their part by that date will leave me with an inescapable responsibility to the people of this country to see to it that the war effort is no longer in peril by the threat of economic chaos."
