(9). TITLE. :-HOLLAND ACCLAIMS ITS OWN

Picture.:- This is something like our welcome to our Amy Johnson; Van Dyk being the national idol of Holland just as "Johnnie" is our heroine. As the machine approaches Schiphol, the crowd waves, and cheers the airman.

On landing he is greeted with much warmth and enthusiasm.

To our eyes the procession which follows appears to be unique, for it consists mainly of horsemen and women.

Here we see Van Dyk's arrival in his home town Wassenaar -- one can easily understand why he looks so pleased with himself.

Here he is with his wife and daughter.
