

(2). TITLE.:- INTER CITY AIR RACE.

Picture.:- Quite a number of people gathered at Hooton, the Liverpool aerodrome, to see the start and finish of this air match.

They take off at a signal from the starter -- there goes Number One.

With Number Two following close on his tail -- on route to Manchester.

Two more take off -- altogether there were a dozen machines entered.

When the last plane goes -- judges await the return.

Allen of Liverpool arrives first -- only a few seconds ahead of Mills of Manchester. Thus--

--for the second year in succession Liverpool wins.

(3). TITLE.:- A PRINCE'S PROTEGE

Picture.:- It isn't the luck of every Channel swimmer to be backed by a rich Indian prince.

M. Shafi, a University Student, seen here with his trainer and pilot, so impressed the Nizam of Hyderabad

That he sent him here to endeavour to swim the English Channel.

From his style it seems as though he should put up a pretty good attempt --

Strange facts about this young athletic Indian are that he is a Master of Needlecraft, an Artist, and an amateur Magician. Our cameraman buttoned his pockets when he heard this.

Good luck to him -- may he justify the Nizam's confidence in his abilities.
