(4). TITLE.:- RELIGIOUS DEMONSTRATION.

Picture.: Over a quarter of a million people gathered in Thingwall Park for this huge demonstration. Liverpool wants a Cathedral to compare favourably with those of Westminster, Cologne, Milan, Paris and others. Many bishops, from all parts of the country attended the demonstration and took part in the great procession to the open air altar in the Park.

Members of the Catholic Women's League file past the altar. --

--and the Archbishop of Liverpool tells of the need for the Cathedral.

The new Cathedral will have accommodation for ten thousand people.

(5). TITLE.:- THRILLS AND SPILLS .

Picture.: These funny little fellows decided to have an auto race of their own.

They don't handle their cars quite like humans but at the signal --

They get "off" alright -- in fact some competitors get right "off" -- their seats, and leave things to chance.

Of course, there are no rules to this race -- they wouldn't be any use because when monkeys are told to do anything, they usually do as they like ! This is one of the free and easiest "go-as-you-please" races ever staged.

I'm half inclined to think that Darwin was nearly right ! For instance, my wife's mother -- no! I'd better not say it !

These two are -- I'm sorry -- were -- the winners !
