TITLE.:- CHURCH FETE IN ZAGREB.

Picture.:- Tens of thousands attend the open air service in the main square of the city.

No less than fifteen countries are represented among the clergy visiting Jugoslavia for the great Eucharistic Congress.

Mass is followed by one of the biggest religious processions ever to pass through the streets.

The national feminine head-dress is rather an attractive affair.

Boy and girl scouts take their part in the procession --
--as do thousands of the much beloved sisters.

Altogether fifty bishops came from other lands to attend the Congress.

TITLE.:- QUEEN FOR A YEAR.

Picture.:- It's Lily's fifteenth birthday -- and what a birthday! To be chosen as Britain's Railway Queen is a very real honour.

The retiring Queen, Miss Molly Brown is, of course, there with her many little attendants.

Fortunately the weather was good, quite a change from that which we rather expect at Manchester.

Liverpool's M.P. Mr. J.H. Hayes crowned the new queen --

--to applause from the big crowd.

The retiring queen gives her successor a sisterly kiss --

--and, having doffed her robes of office, she once again becomes merely Molly Brown of Preston --

--who gets an affectionate cheer from the crowd.

After being crowned in sunshine in Manchester, the new Queen should have a very successful reign.
