

135213-C

(7).

TITLE.:- LEEDS FIRE.

Picture.:- It was the collapse of a wall caused the casualties. A fireman was --

--standing on the roof of an outbuilding, when one of the warehouse walls suddenly split and crashed to the ground. The fireman --

--was killed, and five others suffered severe injuries. It is yet another instance of --

--the great risks these brave fellows run as part of their job.
