TITLE.:- KATE KENNEDY DAY.

Picture.:- It's a real ancient Scottish story, ye ken. ...
Nearby five hundred years ago --

--Lady Katherine Kennedy visited her uncle the Bishop. ...
The students --

--of those days were so impressed by the lady's beauty and
charm that they adopted her as their patroness, and swore
to honour her memory for --

--evermore. ... They're true to their word, and each
year one of the male students impersonates Kate in a
triumphant drive through --

--the streets. ... Mr. Campbell makes a good girl!
He doesn't look as though --

X
--she would stay out late at nights ! ... Sir James
Irvine, the Principal, greets the charmer and escorts her
into the house, just as his predecessor has done ever
since Kate first came to St. Andrews in 1451.
