TITLE:- OIL BLAZE.

Picture:- When this great pillar of fire burst through the earth, eight men were --

--caught unawares and burnt to death --

--before they could escape. .... The terrific roar of the blaze could --

--be heard miles away. ....Asbestos suits and masks proved useless --

--owing to the great heat, in fighting the awful column of--

--flame. .... Heavy rain fell, but in no way diminished the intensity of the fire!

A friction spark from a falling elevator is said to --

--have started the conflagration. .... An awful tragedy for at least eight families.
