TITLE.:- CHARLOTTE NIRDLINGER.

Picture.:- - Do great beauty and stark tragedy attract each other ? There are many historical instances which suggest the depressing possibility. Helen of Troy, Mary Queen of Scots, and many others could be mentioned. Here is beautiful Charlotte Nirdlinger whom the French jury recently acquitted of the capital charge.

While undergoing incarceration and trial her predicament and her beauty drew the eyes of the world upon her. Now she is free. Well ! I hope that she will use her freedom to keep those kiddies of hers as happy as they now look !
