(6). TITLE.:- P & O LINER.

Picture.:- Many distinguished people are there to see the new liner receive her baptism:

Lady Margaret Shaw, with some assistance, performs the ceremony, and the great ship glides away towards --

--her natural element. .... It's always a wonder to me how these mighty vessels manage to keep upright when they are slipping into the water without any visible means of support. .... This one is a twenty-two-thousand tonner, and she is --

--launched without untoward incident - I'm glad to say !

She's another "link of Empire" - for she'll be on the London-Australia route.
