(5). TITLE:- MOTOR BOAT WEEK.

Picture:- Away they go - with Scott Paine, last year's winner, leaping --

--ahead like an unleashed greyhound. He pushes his fine boat, "Miss Britain the First", ahead in wonderful style. See how he cuts the turn to leave Miss Carstairs in "Newg the Second" almost standing still. A very bad set-back for the woman pilot. She's lost a lot of ground - or rather water ! She'll never catch up with Scott Paine now !

Q

He "pulls back" the other contender at terrific speed, eating up the miles like a glutton. The surest thing about the race is that it will be a win for Britain - for only Britishers are in it ! Another thing certain, at this juncture, is that Scott Paine will win !

Here he is doing it, with a lap in hand ! That gun was music to him !
