

TITLE. :- YOUR NAVY

Picture:- We are all part-owners of the Navy -- for do not we all subscribe to keeping it in such condition as will warn other nations not to twist the lion's tail? ..... Well, Jack Tar invites his "share-holders"

to visit him during Navy Week -- and its well worth while! ..... Relieving the guard, in Old and New

styles, is an interesting episode of the Navy's "At Home" .....

Jack shows us what a torpedo looks like when it is sped away on its deadly errand.

He also shows us that some of the things we've heard about him are true!

Although we can all claim to be shareholders in the Navy, we can make up our minds that it wouldn't be of the slightest use trying to realize on our bit -- although each of us might think we own at least a couple of destroyers -- Anyway that's what it seems like when our income tax demands come in!
