

(2). TITLE:- WATER SPORT THRILLS.

Picture:- "Balloon bursting" is the latest thing in water sport thrills.

All you have to do, is puncture the balloons with a spear, as they sail --

--through the air towards you. It is an instance where it is as well to keep --

--your eye off the ball unless you want to be thrown "off your perch" !

Jousting is another good one ! It is a mixture of fencing and heavyweight-long-distance-boxing. If you can't --

--swim, you can't play this game. You wouldn't try, unless you happened to be a "bit weak in the upper storey". Now, see if you're any good at 'spotting' a winner. Left or right ?

Who wins ? Ow ! You're wrong ! It's a draw ! Another wet day ! Tek ! tek ! tek !
