(5). TITLE:- GOING "ALL OUT".

Picture:- A score of mid-Europe's speediest motor-cyclists all hoping that they --

--can make better time than the other nineteen !
They are --

--out for the German Championship - and the winner will--
--undoubtedly deserve the honour !

WHC-00P !

Some terrific speeds are registered.

It is obvious to the vast crowd of onlookers --
--that it is the fastest race of its --
--kind they have seen this season.

Seven nations are represented by their most expert --
--riders. Unfortunately the Britishers don't --
--show up too well - probably due to --
--not being acquainted with the turns and twists of the --
--road.....It's a great - HULLO ! - one fellow makes
a better acquaintance with the road than he wanted !
The luck of the game ! --

--and a thrill for the crowd!

Rüttchen, the famous German, leads in the final lap,
and prevents the championship going --

--abroad. There he goes !
