(5). TITLE.:- EXPRESS POST.

Picture.:- Herr Pfautz claims that his invention will speed-up letter--

--delivery. XXXX It consists of a --  
--torpedo-like contraption, with a propeller at each end. XXXX The letters--  
--are placed inside and all is ready--  
--for a trial run over a short--  
--experimental track. XXXX The inventor says--  
--it will travel at nearly two-hundred-and-fifty miles an hour !

If that is so, his demonstration is a --  
--very"slow-motion" one !

XXXXX We're not told--  
--what would happen if there was --  
--a breakdown any miles--  
--from anywhere !XXXX It--  
--would be very undignified--  
--to have to send a --  
--post card for assistance, wouldn't it ?
