FOR ATLANTIC RECORD - Final touches  
to the mighty "Empress of Britain" prior  
to attempt on record.

---

(9).

Picture.:- Forty-two-thousand-five hundred tons of  
ship, putting on her best--

--clothes, (as it were), for a dash across the--

--Atlantic in an attempt to create a new record for the  
ran. XXXXX Tons of fresh paint are--

--being applied to every paintable part of her, and soon  
she'll be as bright as a new--

--penny. XXXXX Men "hang on by their eyebrows" as they  
put the final touches to--

--the boats, while others "slap it on" in comparative  
safety. XXXXX A thousand men are working on her--

--ladyship's toilet and they won't think she is a lady  
if she doesn't create that new record!
