BY MOTOR BOAT TO PARIS - Mr. Richard Cole sets out in his little outboard craft from Westminster Pier.

-London-

Picture.:-

Richard C. Cole is a merry young soul. He's--

--just off to Paris. That white heather may make all the--

--difference, because he's going to cross the choppy--

--channel in his outboard motor boat, and from choice, mark you !

Mr. Cole has already been to the capitals of--

--Holland and Belgium. He hopes to beat the record for outboard motor boat speed between London and--

--Paris. Here's hoping it keeps fine for him !
