BUDGET DAY - Mr. Neville Chamberlain,
Chancellor of the Exchequer, accompanied
by Mrs. Chamberlain, leaves home for the
House of Commons to introduce his Budget.

-London-

Picture.:- Mr. and Mrs Neville Chamberlain start out
to embrace one of the greatest moments of their
lives ! The Chancellor to-day outlines his--

--first Budget, a Budget under tariff reform
conditions,--

--conditions for which his father and brothers
fought unceasing battles throughout their whole
political lives. If the spirits of the dead do--

--remain near us, surely that of Joseph
Chamberlain is watching the triumph of his
distinguished son.
