OUR WONDERFUL CLIMATE - Vast areas flooded,
due to overflow of River Avon following heavy
rains.

-Wiltshire-

Picture. :- The district of Bath is justifying its name !
Bath ! Ooh ! The--

--main street of Melksham gets "under the weather" on
water ! Takes a bit of doing !

Idle farm labourers watch the ploughing !

The new village slogan ! "By water-way to anywhere !"

While he sweeps the water out of his house, father
sings "River stay away from my door". It doesn't, but
he sings it all the same !

Oh ! Show me the "wade" to go home ! This is
where a sense of humour is useful !

A penny farthings worth of dry ! A week or--

--so ago, there was drought and now--

--the farmers get a present of this little lot on
their farm land !

Irrigating, isn't it ? Ooh !
