

THE MIXTURE (as before) -- Preparing the counterfoils  
for the biggest sweepstake draw in history.

-Dublin.I.F.S.-

---

Picture.:- The goddess of chance is responsible for all  
this ! Like her satellites, all jockeys please--

--note she's proved to be a most attractive deity !  
More than--

--six million people are waiting upon her bounty,  
hoping that she will notice their little paper  
snowflake amongst this blizzard--

--of counterfoils. These girls are good mixers !  
That's why they're--

--doing this job. Two hundred of them dressed in  
the colours of prominent race horse owners of the  
world are doing their--

--best to hide my ticket, where no one will ever  
find it. Let's hope yours will come to the--

--top instead. The counterfoils are then exposed  
to this blast (not the last one maybe),

Before going <sup>on</sup> to the last stage to the drums.  
More tickets--

--accompanied by more jockeys advance again to  
encounter the wind of luck or adversity.

WIND EFFECT NEXT SHOT.

This sweepstake will be the greatest ever held  
in the history of--

--the world. Hundreds of ticket holders will be  
the lucky recipients of--

--chance fortunes. Universal News hopes that your  
ticket is a winner !
