You people of Shipley have waited a long time--

--for your Town Hall, but to-day is the day ! Mrs --

--Gordon Waddilove receives a bouquet from little Peggy  
Chippendale,--

--prior to greeting Lord Harewood, who has consented  
to perform the opening ceremony. This is a great day --

--for the district and--

--its urban district councillors, for it sees the--

--culmination of some four year's striving. Councillor  
Waddilove--

--presents Lord Harewood with the golden--

--key which opens the new building. So at last enterprising  
Shipley has--

--a Town Hall worthy of the town and its people.
