PANTOMIME TIME - - Fairy tales brought to
life for the entertainment of children between seven
and seventy !

(Dick Whittington). London

Picture:- Much to pantomime-goers delight, Dick
Whittington again--

--arrives in London Town. A Dick like that deserves
to become Lord Mayor--

--of London. I'm all in favour of it ! And if London
streets were anything--

--like this, we should be able to find some interesting
traffic problems. What--

--a hobby to ride. With all this footlight fun, the--

--future Lord Mayor wins every heart and hand--

--in the audience. Music and movements, lights and--

--laughter, beauty and romance ! Fairy stories come
true! Pantomime means--

--all that for a brief hour or two. You all know the--

--story of Dick's hardships on ship-board in search
of wealth and success. Here are--

--some of them. Hardships, oh boy ! What a crew to
sail with ? Some fellows--

--have all the luck ! Then the story tries to tell us--

--he adopted a cat for a pet ! Gerrr -- away !
