

"ASCOT IN INDIA" - His Excellency, the
Viceroy, drives in State to witness the
principal race of the season.
- Calcutta -

Picture:- India has its Ascot equivalent and here it is !
The Calcutta --

-- Races are the social and sporting event --
-- of the Indian season. The Vice Regal party make a royal
progress between avenues of brilliant gowns which represent --
-- importation of Parisian dresscraft to the East. The --
-- Viceroy, Lord Willingdon rests an hour or two from his very --
-- responsible labours, as does Sir John Anderson, the Governor--
-- of Bengal. There are only six starters for the Viceroy's
Cup, the favourite being the French horse --
-- Sansame. They are off like lightning, a --
-- very fast start. Racegoers have a keen --
-- interest in this event. The favourite wins in a canter,
so --
-- the Viceroy's Trophy goes to France !
